

Discover your full specialty pharmacy opportunity and reclaim your patients from external pharmacies.

At Shields, patients are our number one priority. We partner with hospital leaders to augment and accelerate their specialty pharmacy programs up to 2x faster while delivering best-in-class, fully integrated patient care.

With more than 80 health system partners nationwide, our care model has proven to cut time to value in half and drive pharmacy growth of 35-40% — allowing our partners to provide optimal care to more patients.

80+ Health System Partners

~50 Integrated Disease States

~650^k Patients on Service

\$52^B Annual Specialty Prescription Opportunity

Enhancing Payer Access

Our multidisciplinary team of ~20 payer experts is wholly dedicated to gaining and maintaining payer access for health systems through four access pathways. We handle the labor-intensive complexities of payer contracting — including gap analyses, payer readiness support, data aggregation, and reporting — so our partners can focus on exceptional patient care.

Of Incremental Payer Access Unlocked Since 2021

~70%

Of Opportunity Accessible Across the Shields Network

Our Fully Integrated Solution

Shields combines dedicated experts, integrated technologies, and a proven collaborative care model to accelerate specialty pharmacy success. Working side by side with pharmacy teams, we break down barriers to affordable care, improve patient outcomes, retain more patients, and drive sustainable, system-wide growth — all through a high-touch specialty pharmacy care model rooted in innovation, compassion, and measurable results.
